Foreword 3

Introduction 4

1 Scope 5

2 Normative references 5

3 Terms and definitions 5

4 Quantities to be evaluated 6

5 Preparation of the measurement procedure 6

6 Measurement of vibration 10

7 Measurement uncertainty 13

8 Calculation of the daily vibration exposure 15

9 Information to be reported 15

Annex A (informative) Examples of the calculation of daily vibration exposure 17

Annex B (informative) Some numerical examples of the determination of daily vibration exposure ..19

Annex C (informative) !!!!Guidance on handling of transient acceleration artefacts due to intentional operator movements 21
