Foreword to EN ISO 3822-3:1997 ..... **3**

Foreword to EN ISO 3822-3:1997/A1:2009 ..... **3**

0 Introduction **4**

1 Scope **5**

2 Normative references **5**

3 Mounting **6**
3.1 General **6**
3.2 Fitting to the test pipe **6**
3.3 Mounting of in-line valves and appliances with screwed connections **3**
3.4 Mounting of in-line valves and appliances with provision for soldering in copper connecting pipes **7**
3.5 Mounting of in-line valves and appliances fitted with copper connecting pipes **7**
3.6 Mounting of in-line valves or appliances with two inlets **7**
3.7 Discharge connection **7**

4 Test procedure **7**
4.1 General test conditions **7**
4.2 Procedure for stop valves **8**
4.3 Procedure for control valves **9**
4.4 Procedure for valves and appliances operated by water flow **9**
4.5 Procedure for automatic in-line valves or appliances operated by water pressure **10**
4.6 Procedure for automatic in-line valves and appliances operated by water temperature **10**
4.7 Procedure for “safety groups” **11**

5 Test report **11**

Annex A (informative) **Example of low noise flow resistance** **12**
