

# DIN EN ISO 17201-3:2010-06 (E)

## Acoustics - Noise from shooting ranges - Part 3: Guidelines for sound propagation calculations (ISO 17201-3:2010)

---

<b>Contents</b>		<b>Page</b>
Foreword .....		3
Introduction .....		4
1 <b>Scope</b> .....		5
2 <b>Normative references</b> .....		5
3 <b>Terms and definitions</b> .....		6
4 <b>Source modelling</b> .....		7
5 <b>Propagation calculation</b> .....		8
6 <b>Conversion of sound exposure levels</b> .....		13
7 <b>Uncertainties</b> .....		14
<b>Annex A (normative) Benchmark cases for shooting sheds with baffles</b> .....		15
<b>Annex B (normative) Sophisticated modelling approaches</b> .....		30
<b>Annex C (informative) Modelling of shooting scenarios - examples of shooting ranges</b> .....		39
<b>Annex D (informative) Uncertainty</b> .....		54
<b>Bibliography</b> .....		58
