ISO 17201-3:2010-02 (E)

Acoustics - Noise from shooting ranges - Part 3: Guidelines for sound propagation calculations

Contents

Page

Foreword iv

Introduction v

1 Scope 1

2 Normative references 1

3 Terms and definitions 2

4 Source modelling 3

5 Propagation calculation 4

6 Conversion of sound exposure levels 9

7 Uncertainties 10

Annex A (normative) Benchmark cases for shooting sheds with baffles 11

Annex B (normative) Sophisticated modelling approaches 26

Annex C (informative) Modelling of shooting scenarios - examples of shooting ranges 35

Annex D (informative) Uncertainty 50

Bibliography 54
