# DIN 45673-1:2010-08 (E)

## Mechanical vibration - Resilient elements used in railway tracks - Part 1: Terms and definitions, classification, test procedures

## Contents

Page

Foreword ..... 3

1 Scope ..... 5

2 Normative references ..... 5

3 Terms and definitions ..... 5
3.1 General railway track terminology ..... 5
3.2 Special terminology for materials and structural components ..... 9
3.3 Further terms ..... 16

4 Symbols ..... 18

5 Classification of railway track systems with resilient elements ..... 20

6 Laboratory test procedures ..... 20
6.1 Test rig requirements ..... 20
6.2 Measuring system requirements ..... 21
6.3 Documentation requirements ..... 21

7 Types of test procedures ..... 21

8 Fitness for purpose ..... 22

9 Information on quality monitoring as part of quality assurance procedures ..... 22
9.1 Manufacture ..... 22
9.2 Installation ..... 22

Annex A (informative) Examples of resilient track elements ..... 23

Annex B (informative) Example of a load-deformation curve ..... 29

Bibliography ..... 30
