|--------------------|---|-------------|
| Foreword .....     |   | iv          |
| Introduction ..... |   | v           |
| 1                  | Scope .....   | 1           |
| 2                  | Normative references .....                                | 1           |
| 3                  | Terms and definitions .....                               | 2           |
| 4                  | Instrumentation .....                                     | 6           |
| 4.1                | General .....   | 6           |
| 4.2                | Hydrophone and signal conditioning .....                  | 7           |
| 4.3                | Data acquisition, recording, processing and display ..... | 7           |
| 4.4                | Distance measurement .....                                | 7           |
| 5                  | Measurement requirements and procedure .....              | 8           |
| 5.1                | General .....   | 8           |
| 5.2                | Test site requirements .....                              | 8           |
| 5.3                | Sea surface conditions .....                              | 8           |
| 5.4                | Hydrophone deployment .....                               | 9           |
| 5.5                | Test course and ship operation .....                      | 10          |
| 5.6                | Test sequence .....                                       | 11          |
| 6                  | Post-processing .....                                     | 12          |
| 6.1                | General .....   | 12          |
| 6.2                | Background noise adjustments .....                        | 13          |
| 6.3                | Sensitivity adjustments .....                             | 14          |
| 6.4                | Distance normalization .....                              | 14          |
| 6.5                | Hydrophone and run combination post-processing .....      | 15          |
| 7                  | Measurement uncertainty .....                             | 16          |
| 8                  | Reporting example .....                                   | 17          |
| Bibliography ..... |   | 20          |
