Page

Foreword iv

Introduction v

1 Scope 1

2 Normative references 1

3 Requirements for design and placement of graphical symbols 1
3.1 Design of graphical symbols 1
3.2 Placement and orientation of graphical symbols 2
3.3 Submission of proposed graphical symbols for use in printing press and finishing systems 2

4 Grouping or organization and conventions for graphical symbols 2
4.1 Grouping or organization of graphical symbols 2
4.2 Conventions for graphical symbols 2

5 Graphical symbols 3
5.1 Basic graphical symbols, Group 0 3
5.2 Operation-related graphical symbols, Group 1 11
5.3 Screen-related graphical symbols, Group 2 19
5.4 Printing- and process (action)-related graphical symbols, Group 3 26
5.5 Design (component/device)-related graphical symbols, Group 4 40
5.6 Job (customer project)-related graphical symbols, Group 5 57
5.7 Safety-related graphical symbols, Group 6 61

Annex A (informative) Examples of creating symbols using combinations of basic symbols 65

Annex B (normative) Submission of graphic symbols for use in printing press and finishing systems for future consideration 69
