ISO 27327-1:2009-06 (E)

Fans - Air curtain units - Part 1: Laboratory methods of testing for aerodynamic performance rating

Contents

Page

Foreword iv

Introduction v

1 Scope 1

2 Normative references 1

3 Terms, definitions and symbols 1
3.1 Terms and definitions 1
3.2 Symbols 6

4 Air curtain airflow rate test 8
4.1 Apparatus and instruments 8
4.2 Preparation of air curtain airflow rate test 8
4.3 Test procedure 8
4.4 Calculation 9
4.5 Test report 11

5 Outlet air velocity uniformity test 11
5.1 Apparatus and instruments 11
5.2 Air velocity projection and outlet air velocity uniformity test 12
5.3 Test procedure 12
5.4 Calculation 13
5.5 Test report 14

6 Air curtain velocity projection test 14
6.1 Apparatus and instruments 14
6.2 Equipment and organization 14
6.3 Test procedure 15
6.4 Calculation 16
6.5 Test report 16

7 Illustration of tests 17

Annex A (normative) Uncertainty in velocity determination using Pitot-static tube and manometer 28

Bibliography 29
