DIN EN 14656:2010-10 (E)

Safety of machinery - Safety requirements for extrusion presses for steel and non-ferrous metals (includes Amendment A1:2010)

Contents

Page

Foreword 3

Introduction 4

1 Scope 5

2 Normative references 5

3 Terms and definitions 8

4 List of significant hazards 9

5 Safety requirements and/or measures 9
5.1 General 9
5.2 List of significant hazards, hazardous situations, safety requirements and/or measures ..14
5.3 Special safety requirements and/or measures 25
5.4 Noise reduction as a safety requirement 26

6 Verification of the safety requirements and/or measures 26

7 Information for use 27
7.1 General 27
7.2 Location and nature of information for use 27
7.3 Safety devices, warning signs and labels 27
7.4 Marking 28
7.5 Instruction handbook 28
7.6 Maintenance manual 30

Annex A (normative) Safety requirements for hydraulic, pressure water and lubrication systems 32

Annex B (normative) !Safety requirements and/or measures for electrical equipment and control systems for extrusion presses" 38

Annex C (normative) Noise test code 42

Annex D (informative) De-commissioning 47

Annex ZA (informative) !Relationship between this European Standard and the Essential Requirements of EU Directive 2006/42/EC" 48

Bibliography 49

Figures Figure A.1 -- Detail of the hydraulic diagram for limitation of set-up speed 34

Figure C.1 -- Example of measuring points for noise measurement (location of workstations) 45

Tables Table B.1 -- Emergency functions for extrusion presses 40

Table C.1 -- Example of declared dual-number noise values 46
