

# DIN EN 12757-1:2011-02 (E)

## Mixing machinery for coating materials - Safety requirements - Part 1: Mixing machinery for use in vehicle refinishing (includes Amendment A1:2010)

---

<b>Contents</b>	<b>Page</b>
Foreword .....	3
Introduction .....	4
1 Scope .....	5
2 Normative references .....	6
3 Terms and definitions .....	7
4 List of significant hazards .....	10
5 Safety requirements and/or measures .....	13
6 Verification of the safety requirements and/or measures .....	19
7 Information for use .....	21
Annex A (informative) Relationship between categories and zones .....	25
Annex B (informative) Explosion-prevention requirements for mixing machinery for vehicle refinishing .....	26
Annex C (informative) References to national exposure limit values .....	27
Annex D (informative) Classification of construction material's reaction to fire - National standards .....	28
Annex ZA (informative) Relationship between this European Standard and the Essential Requirements of EU Directive 2006/42/EC .....	29
Annex ZB (informative) Relationship between this European Standard and the Essential Requirements of EU Directive 94/9/EC .....	30
Bibliography .....	31
