

DIN EN ISO 13350:2010-12 (E)

Industrial fans - Performance testing of jet fans (ISO 13350:1999)

Contents		Page
Foreword		3
1	Scope	5
2	Normative references	5
3	Definitions	6
4	Symbols and abbreviations	8
5	Characteristics to be measured	9
6	Instrumentation and measurements	9
7	Determination of thrust	10
8	Determination of sound level	15
9	Determination of vibration velocity	17
10	Determination of flowrate	19
11	Presentation of results	22
12	Tolerances and conversion rules	23
Annex A (informative) Illustration of reference sound source		25
Annex B (informative) Correction of sound pressure levels		26
Annex C (informative) Conversion rules		27
Annex D (informative) Bibliography		29
