DIN EN 12629-4:2011-02 (E)

Machines for the manufacture of constructional products from concrete and calcium-silicate - Safety - Part 4: C oncrete roof tile making machines (includes Amendment A1:2010)

Contents

Page

Foreword ... 3

Introduction ... 4

1 Scope ... 4

2 Normative references ... 5

3 A1 Terms and definitions A1 ... 5

4 List of significant hazards ... 6
4.1 Mechanical Hazards ... 6
4.1.1 Crushing hazards ... 6
4.1.2 Shearing hazards ... 6
4.1.3 Cutting and severing hazards ... 6
4.1.4 Entanglement hazards ... 6
4.1.5 Drawing - In or trapping hazards ... 7
4.1.6 Impact hazards ... 7
4.1.7 High pressure fluid ejection ... 7
4.1.8 Ejection of parts or materials ... 7
4.1.9 Slip, trip and fall hazards ... 7
4.2 Noise Hazards ... 7
4.3 Hazards from materials used ... 7
4.3.1 Contact or inhalation ... 7
4.3.2 Fire or explosion ... 7
4.4 Hazards generated by neglecting ergonomic principles in design ... 7
4.4.1 Neglected use of personal protective equipment ... 7
4.4.2 Inadequate local lighting ... 7
4.4.3 Human error ... 7

5 A1 Safety requirements and/or protective measures A1 ... 8
5.1 General ... 8
5.2 Mechanical hazards ... 8
5.2.1 Propulsion unit and cutting unit and extrusion unit ... 8
5.2.2 Press unit and its interfaces ... 8
5.2.3 Slip, trip and fall hazards ... 8
5.2.4 Contact ... 8
5.2.5 Control panel ... 8

6 A1 Verification of safety requirements and/or protective measures A1 ... 8

7 A1 Information for use A1 ... 9

8 Warnings ... 9

9 Marking ... 9

Annex A (informative) **First typical concrete tile manufacturing plant** ... 10

Annex B (informative) **Second typical concrete tile manufacturing plant** ... 11

Annex ZA (informative) **A1 Relationship between this European Standard and the Essential Requirements of EU Directive 2006/42/EC A1** ... 12

Bibliography ... 13
