## Technical specifications for centrifugal pumps - Class I

---

| <b>Contents</b> |  | <b>Page</b> |
|-----------------|--|-------------|
| 1               | Scope .....  | 1           |
| 2               | Normative references .....   | 1           |
| 3               | Definitions .....  | 2           |
| 4               | Design .....   | 4           |
| 5               | Materials .....  | 24          |
| 6               | Shop inspection and tests .....  | 26          |
| 7               | Preparation for dispatch .....   | 29          |
| 8               | Responsibilities .....   | 30          |
| <b>Annexes</b>  |  |             |
| A               | Centrifugal pump — Data sheet .....                                    | 31          |
| B               | External forces and moments on branches .....                          | 36          |
| C               | Enquiry, proposal, purchase order .....                                | 44          |
| D               | Documentation after purchase order .....                               | 45          |
| E               | Peal< displacement .....   | 46          |
| F               | Examples of seal arrangements .....                                    | 47          |
| G               | Piping arrangements for seals .....                                    | 49          |
| H               | Code for Identification of fluid connections .....                     | 67          |
| J               | Materials and material specifications for centrifugal pump parts ..... | 68          |
| K               | Check- list .....  | 70          |
| L               | Bibliography .....   | 72          |
