DIN EN 12649:2011-09 (E)

Concrete compactors and smoothing machines - Safety

Contents

Page

Foreword 3

Introduction 4

1 Scope 5

2 Normative references 5

3 Terms and definitions 7

4 List of significant hazards 7

5 Safety requirements and/or protective measures 10
5.1 General requirements for all machines 11
5.1.1 Hazards generated by noise 11
5.1.2 Hazards generated by vibration 12
5.1.3 High-pressure fluid injection hazard from hydraulic or pneumatic systems 12
5.1.4 EMC 12
5.1.5 Fire protection 12
5.1.6 Electronically controlled systems 12
5.2 Safety requirements 12
5.2.1 Safety requirements for internal vibrators 12
5.2.2 Safety requirements for external vibrators 15
5.2.3 Safety requirements for vibrating beams 16
5.2.4 Safety requirements for smoothing machines 17

6 Verification of safety requirements and/or protective measures 20

7 Information for use 21
7.1 Warning signs 21
7.2 Operation manual 21
7.2.1 General 21
7.2.2 Instruction and information for use and maintenance 23
7.3 Marking 23

Annex A (informative) Illustration of concrete compactors and smoothing machines 24

Annex B (normative) Dimensions of smoothing machines 25

Annex ZA (informative) Relationship between this European Standard and the Essential Requirements of EU Directive 2006/42/EC 28
