Foreword iv

Introduction v

1 Scope 1

2 Normative references 1

3 Terms and definitions 2

4 Description 2
4.1 Role of the network interconnection unit (NIU) 2
4.2 Role of the network layer 3

5 Requirements 6
5.1 Network interconnection unit (NIU) 6
5.2 Network topology 6
5.3 Network addressing 6

6 Network interconnection unit functions 7
6.1 Forwarding 7
6.2 Filtering 7
6.3 Address translation 8
6.4 Message repackaging 8
6.5 Network message 8
6.6 Database management 10
6.7 Network topology information 14
6.8 Network interconnection unit parametrics 16
6.9 Forwarding destination-specific messages by establishing a connection 22

7 Types of network interconnection units 29
7.1 Repeater 29
7.2 Bridge 29
7.3 Router 30
7.4 Gateway 30
7.5 Tractor ECU 31
