Foreword 3

Introduction 4

1 Scope 5

2 Normative references 5

3 Terms and definitions 6

4 List of significant hazards 6

5 Safety requirements and/or measures 12
5.1 General 12
5.2 Attachment to tractor - prevention of uncontrolled movement 12
5.3 Controls 12
5.3.1 Clearance 12
5.3.2 Configuration, functions and marking of the controls 12
5.4 Operator's work station 14
5.5 Access to the operator's work station 15
5.6 Electrical equipment 16
5.7 Hydraulics 16
5.7.1 General 16
5.7.2 Pump 16
5.7.3 Fluid reservoir 16
5.7.4 Pressure limit valves 16
5.7.5 Hoses and fittings 17
5.7.6 Dimensioning of hydraulic cylinders 17
5.7.7 Control of movements 17
5.8 Stability of the tractor backhoe combination 17
5.8.1 General 17
5.8.2 Outriggers 17

6 Maintenance and repair 18

7 Verification of the safety requirements or protective measures 18

8 Information for use 18
8.1 Operator's manual 18
8.2 Marking 19

Annex A (informative) Examples of a backhoe attachment and safety locking device 21

Annex B (informative) Stability of the tractor/backhoe loader combination 24

B.1 Effects on the stability 24
B.2 Stability calculations 24
B.2.1 Transverse stability 24
B.2.2 Longitudinal stability 26

Annex ZA (informative) Relationship between this European Standard and the Essential Requirements of EU Directive 2006/42/EC 28
