

DIN EN 16246:2013-04 (E)

Agricultural machinery - Backhoes - Safety

Contents		Page
Foreword		3
Introduction		4
1 Scope		5
2 Normative references		5
3 Terms and definitions		6
4 List of significant hazards		6
5 Safety requirements and/or measures		12
5.1 General		12
5.2 Attachment to tractor - prevention of uncontrolled movement		12
5.3 Controls		12
5.3.1 Clearance		12
5.3.2 Configuration, functions and marking of the controls		12
5.4 Operator's work station		14
5.5 Access to the operator's work station		15
5.6 Electrical equipment		16
5.7 Hydraulics		16
5.7.1 General		16
5.7.2 Pump		16
5.7.3 Fluid reservoir		16
5.7.4 Pressure limit valves		16
5.7.5 Hoses and fittings		17
5.7.6 Dimensioning of hydraulic cylinders		17
5.7.7 Control of movements		17
5.8 Stability of the tractor backhoe combination		17
5.8.1 General		17
5.8.2 Outriggers		17
6 Maintenance and repair		18
7 Verification of the safety requirements or protective measures		18
8 Information for use		18
8.1 Operator's manual		18
8.2 Marking		19
Annex A (informative) Examples of a backhoe attachment and safety locking device		21
Annex B (informative) Stability of the tractor/backhoe loader combination		24
B.1 Effects on the stability		24
B.2 Stability calculations		24
B.2.1 Transverse stability		24
B.2.2 Longitudinal stability		26
Annex ZA (informative) Relationship between this European Standard and the Essential Requirements of EU Directive 2006/42/EC		28
Bibliography		29
