

DIN EN 16246:2013-04 (E)

Agricultural machinery - Backhoes - Safety

Contents		Page
Foreword		3
Introduction		4
1	Scope	5
2	Normative references	5
3	Terms and definitions	6
4	List of significant hazards	6
5	Safety requirements and/or measures	12
5.1	General	12
5.2	Attachment to tractor - prevention of uncontrolled movement	12
5.3	Controls	12
5.3.1	Clearance	12
5.3.2	Configuration, functions and marking of the controls	12
5.4	Operator's work station	14
5.5	Access to the operator's work station	15
5.6	Electrical equipment	16
5.7	Hydraulics	16
5.7.1	General	16
5.7.2	Pump	16
5.7.3	Fluid reservoir	16
5.7.4	Pressure limit valves	16
5.7.5	Hoses and fittings	17
5.7.6	Dimensioning of hydraulic cylinders	17
5.7.7	Control of movements	17
5.8	Stability of the tractor backhoe combination	17
5.8.1	General	17
5.8.2	Outriggers	17
6	Maintenance and repair	18
7	Verification of the safety requirements or protective measures	18
8	Information for use	18
8.1	Operator's manual	18
8.2	Marking	19
Annex A (informative) Examples of a backhoe attachment and safety locking device		21
Annex B (informative) Stability of the tractor/backhoe loader combination		24
B.1	Effects on the stability	24
B.2	Stability calculations	24
B.2.1	Transverse stability	24
B.2.2	Longitudinal stability	26
Annex ZA (informative) Relationship between this European Standard and the Essential Requirements of EU Directive 2006/42/EC		28
Bibliography		29
