Foreword 3

Introduction 4

1 Scope 5

2 Normative references 5

3 Terms and definitions 7

4 Determination of A-weighted emission sound pressure level at workstations and other specified positions 9

5 Determination of A-weighted sound power level 10

6 Measurement uncertainties 10

7 Mounting conditions 11

8 Operating conditions 11

9 Information to be recorded 12

10 Information to be reported 12

11 Declaration and verification of noise emission values 13

Annex A (normative) Operating conditions and measurement positions for the determination of noise emission of surface treatment machinery 15

Annex B (normative) Work stations for manually operated open-fronted spray booths and enclosed spray booths 19

Annex C (informative) Example for the determination of the A-weighted emission sound pressure level values for a machine without a defined work station 21

Annex D (informative) Noise emission determination procedure 27

Annex ZA (informative) Relationship between this European Standard and the Essential Requirements of EU Directive 2006/42/EC 29
