## Safety of mobile road construction machinery - Specific requirements for road-milling machines

---

### Contents

	Page		Page
<b>Foreword</b> .....	2	5.8 Danger of falling off, access to operator's station and to service points .....	4
<b>0 Introduction</b> .....	3	5.9 Precautions against hazards caused by moving parts .....	4
<b>1 Scope</b> .....	3	5.9.1 Milling equipment .....	4
<b>2 Normative references</b> .....	3	5.9.2 Footguards .....	5
<b>3 Definitions</b> .....	3	5.9.3 Lowering the milling drum .....	5
<b>4 List of hazards</b> .....	3	5.9.4 Elevating devices .....	6
<b>5 Safety requirements</b> .....	3	5.10 Precautions against hazards caused by non-electric energy sources .....	6
5.1 Lighting .....	3	5.11 Fire protection .....	6
5.2 Design of the machine in relation to its operation and handling .....	4	5.12 Hazards due to extreme temperatures .....	6
5.3 Operator's station .....	4	5.13 Signal devices and warning signs .....	6
5.4 Operator's seat .....	4	<b>6 Instruction handbook</b> .....	6
5.5 Controls .....	4	<b>7 Marking</b> .....	7
5.6 Starting .....	4	<b>8 Verification of safety requirements/measures</b> ..	7
5.7 Stopping .....	4
