## Building construction machinery and equipment - Plants for the preparation of concrete and mortar - Part 1: Terminology and commercial specifications

---

<b>Contents</b>		<b>Page</b>
Foreword .....		iv
1	Scope .....	1
2	Normative references .....	1
3	Terms and definitions .....	1
4	Classification .....	6
5	Commercial specifications .....	7
5.1	General characteristics .....	7
5.2	Characteristics of main components .....	8
5.2.1	Concrete mixing unit .....	8
5.2.2	Dry mortar mixing unit .....	8
5.2.3	Storage bin .....	8
5.2.4	Conveying equipment .....	8
5.2.5	Thermal energy equipment .....	9
5.2.6	Drying equipment .....	9
5.2.7	Screening device .....	9
5.2.8	Batching equipment .....	9
5.2.9	Packer .....	9
5.2.10	Dry mortar storage silo .....	10
5.3	Other characteristics .....	10
Annex A (informative) Examples of concrete and dry mortar mixing and batching plants .....		11
Bibliography .....		21
