Hydraulic fluid power - Method for evaluating water separation performance of dehydrators

| Contents | | Page |
|--|--|-------------|
| Foreword | | iv |
| Introduction | | v |
| 1 Scope | | 1 |
| 2 Normative references | | 1 |
| 3 Terms and definitions | | 1 |
| 4 Symbols | | 2 |
| 5 Principle of test | | 2 |
| 6 Apparatus | | 2 |
| 7 Accuracy of measuring instruments and test conditions | | 4 |
| 8 Summary of information required prior to testing | | 4 |
| 9 Dehydrator performance test | | 5 |
| 9.1 Preliminary preparation | | 5 |
| 9.2 Addition of water to the test fluid | | 6 |
| 9.3 Dehydrator test procedure | | 6 |
| 10 Reporting | | 7 |
| 11 Identification statement | | 8 |
| Annex A (informative) Test circuit | | 9 |
| Annex B (normative) Test fluid specification | | 10 |
| Annex C (informative) Test fluid quality checks | | 11 |
| Annex D (informative) Test results sheet giving example data | | 13 |
| Annex E (normative) Sampling and analysis procedures | | 14 |
| Annex F (informative) Example graph | | 15 |
| Bibliography | | 17 |
