ISO/TR 23087:2018-03 (E)

Automation systems and integration - The Big Picture of standards

Contents

Page

Foreword v

Introduction vi

1 Scope 1

2 Normative references 1

3 Termsanddefinitions 1

4 Objectives of the Big Picture 3
4.1 General 3
4.2 Identification of place and role of the concerned standards and projects of standardization in ISO/TC 184 and IEC/TC 65 3
4.3 An outreach tool to other standardization committees 3
4.4 Promotion and explanation of standardization efforts to industry managers and users of standards 3

5 Conceptual background 3

6 Big Picture diagram 4
6.1 Graphical representation 4
6.2 Role level 6
6.2.1 Short description 6
6.2.2 Possible values 6
6.3 Value chain 8
6.3.1 Short description 8
6.3.2 Possible values 8
6.3.3 Comments 8
6.4 Life cycle 8
6.4.1 Short description 8
6.4.2 Possible values 8
6.4.3 Comments 9

7 Big Picture matrix and facets 10
7.1 General 10
7.2 Example of matrix 11
7.3 Object of standardization 11
7.3.1 Short description 11
7.3.2 Possible values 11
7.4 Type of standard 13
7.4.1 Short description 13
7.4.2 Possible values 13
7.4.3 Comments 14
7.5 Sector 14
7.5.1 Short description 14
7.5.2 Possible values 14
7.5.3 Comments 14
7.6 Interoperability approach 15
7.6.1 Short description 15
7.6.2 Possible values 15
7.6.3 Comments 15

7.7 Interoperability barrier 16
7.7.1 Short description 16
7.7.2 Possible values 16
7.7.3 Comments 16
7.8 Interoperability concern 18
7.8.1 Short description 18
7.8.2 Possible values 18
7.8.3 Comments 19
7.9 Conformity 19
7.10 Point of view 19
7.11 Genericity 19
7.11.1 Short description 19
7.11.2 Possible values 19
7.11.3 Comments 20
7.12 Explicit relationship 20
7.12.1 Short description 20
7.12.2 Possible values 20
7.12.3 Comments 21
7.13 Relation with other committees 21
7.13.1 Short description 21
7.13.2 Possible values 21
7.13.3 Comments 21

Annex A (informative) Visualizing the exploration of Big Picture data 22

Annex B (informative) Big Picture matrix 25

Bibliography 32
