DIN EN 12015:2021-01 (E)

Electromagnetic compatibility - Product family standard for lifts, escalators and moving walks - Emission

Contents

Page

European foreword 3

Introduction 4

1 Scope 5

2 Normative references 5

3 Terms, definitions and abbreviated terms 6

4 Test set-up procedure 10
4.1 General 10
4.2 Radiated and conducted radio frequency emissions 10
4.3 Voltage fluctuation and flicker 10
4.4 Mains supply harmonics 10

5 Applicability of tests 11

6 Requirements 11
6.1 Requirements for radiated emission 11
6.2 Requirements for conducted emission 12
6.3 Voltage fluctuations 13
6.4 Mains supply current harmonics 13

7 Documentation for the installer of the apparatus/assembly of apparatus 17

Annex ZA(informative) Relationship between this European Standard and the essential requirements of Directive 2014/30/EU [2014 OJ L96] aimed to be covered 18
