European foreword 4

Introduction 5

1 Scope 7

2 Normative references 8

3 Terms and definitions 9

4 List of significant hazards 12

5 Safety requirements and/or protective measures 16
5.1 General 16
5.2 Guide rails and mechanical stops 20
5.3 Safety gear and overspeed detection device 21
5.4 Driving units and drive system 23
5.5 Electrical installation and equipment 29
5.6 Carriage 42

6 Verification of safety requirements and/or protective measures 49
6.1 General 49
6.2 Verification of design 49
6.3 Verification tests 52
6.4 Verification tests on each machine before first use 52

7 Information for use 53
7.1 General 53
7.2 Signals and warning devices 53
7.3 Accompanying documents (in particular: Instruction handbook) 53
7.4 Marking 55

Annex A(normative) Verification tests - Seat and safety components - tests procedures for verification of conformity 57

A.1 Instruments 57
A.2 Safety gear and overspeed detection device type test 57
A.3 Static overload verification tests 58
A.4 Verification test for chair levelling safety device 60
A.5 Verification tests of edges and surfaces 61
A.6 Verification tests for self-sustaining system 61

Annex B(normative) Electronic components: failure exclusion 62

Annex C(normative) Requirements for the interface of the stairlift in the building 71

C.1 Minimum clearances to adjacent surfaces 71
C.2 Minimum clearances to bulkheads and other overhead obstacles 71
C.3 Means of escape in case of fire 71

C.4 Electrical supply and lighting 71

Annex D(informative) Guidance in selection of stairlifts 74

D.1 General 74
D.2 Selection of stairlift 74
D.3 Maintenance 74

Annex E(informative) Recommendations for the provisions and use of specially adapted control devices, switches and sensors 75

E.1 Control devices 75
E.2 Specially adapted switches 75

Annex F(informative) In-use periodic examination, tests and servicing 76

F.1 Periodic examinations and tests 76
F.2 Servicing 76

Annex G(normative) Friction/traction drive - Calculation and test for verification of traction conformity 77

Annex ZA(informative) Relationship between this European Standard and the essential requirements of Directive 2006/42/EC aimed to be covered 78
