

# ISO 12643-1:2023-11 (E)

## Graphic technology - Safety requirements for graphic technology equipment and systems - Part 1: General requirements

---

| <b>Contents</b> |                                                                                    | <b>Page</b> |
|-----------------|------------------------------------------------------------------------------------|-------------|
| Foreword        |                                                                                    | vi          |
| Introduction    |                                                                                    | viii        |
| <b>1</b>        | <b>Scope</b>                                                                       | <b>1</b>    |
| <b>2</b>        | <b>Normative references</b>                                                        | <b>2</b>    |
| <b>3</b>        | <b>Terms and definitions</b>                                                       | <b>5</b>    |
| <b>4</b>        | <b>Significant hazards</b>                                                         | <b>14</b>   |
| <b>5</b>        | <b>Safety requirements and/or protective measures</b>                              | <b>15</b>   |
| 5.1             | General                                                                            | 15          |
| 5.2             | Risk assessment                                                                    | 15          |
| 5.3             | Safeguarding of significant hazards                                                | 15          |
| 5.3.1           | General principles                                                                 | 15          |
| 5.3.2           | Guards                                                                             | 15          |
| 5.3.3           | In-running (in-going) nips                                                         | 18          |
| 5.3.4           | Guarding in-running nips                                                           | 19          |
| 5.3.5           | Interlocks                                                                         | 22          |
| 5.3.6           | Hold-to-run mode                                                                   | 23          |
| 5.3.7           | Protective measures for accessible hazard zones                                    | 24          |
| 5.3.8           | Guarding reel unwinding, rewinding and transport devices                           | 25          |
| 5.3.9           | Threading of web material                                                          | 40          |
| 5.3.10          | General requirements for feeding units and delivery units                          | 40          |
| 5.4             | Requirements for protection against other hazards                                  | 45          |
| 5.4.1           | General                                                                            | 45          |
| 5.4.2           | Fire and explosion protection                                                      | 45          |
| 5.4.3           | Electrical equipment                                                               | 50          |
| 5.4.4           | Working platforms, access stairs, passageways, fixed ladders and raised workplaces | 51          |
| 5.4.5           | Stability                                                                          | 55          |
| 5.4.6           | High contact temperatures                                                          | 56          |
| 5.4.7           | Noise                                                                              | 56          |
| 5.4.8           | Radiation hazards                                                                  | 57          |
| 5.4.9           | Stationary knives                                                                  | 58          |
| 5.4.10          | Doctor blades                                                                      | 58          |
| 5.4.11          | Rotary tools                                                                       | 58          |
| 5.4.12          | Transport and storage of hazardous tools                                           | 58          |
| 5.4.13          | Protruding machine parts                                                           | 58          |
| 5.4.14          | Handwheels and cranks                                                              | 59          |
| 5.4.15          | Oxidizers, incinerators or thermal cleaning plants                                 | 59          |
| 5.4.16          | Protection against crushing and shearing hazards                                   | 59          |
| 5.4.17          | Contact with hazardous substances                                                  | 60          |
| 5.5             | Release from hazardous situation                                                   | 60          |
| 5.6             | Control zones                                                                      | 60          |
| 5.6.1           | General                                                                            | 60          |
| 5.6.2           | Purpose of zone configuration                                                      | 60          |
| 5.6.3           | Control stations in control zones                                                  | 60          |
| 5.7             | Controls                                                                           | 61          |
| 5.7.1           | General                                                                            | 61          |
| 5.7.2           | Manual control devices                                                             | 61          |

|              |                                                                                                    |           |
|--------------|----------------------------------------------------------------------------------------------------|-----------|
| 5.7.3        | Initiating machine motion .....                                                                    | 67        |
| 5.7.4        | Hold-to-run controls .....                                                                         | 67        |
| 5.7.5        | Two-hand controls .....                                                                            | 67        |
| 5.7.6        | Electro-sensitive protective devices .....                                                         | 68        |
| 5.7.7        | Pressure-sensitive mats, pressure-sensitive bumpers, trip devices .....                            | 68        |
| 5.7.8        | Braking devices and clutches .....                                                                 | 69        |
| 5.8          | Control stations .....                                                                             | 70        |
| 5.8.1        | General .....                                                                                      | 70        |
| 5.8.2        | Control station location .....                                                                     | 70        |
| 5.8.3        | Portable control stations .....                                                                    | 70        |
| 5.9          | Remote access .....                                                                                | 71        |
| 5.10         | Safety-related control systems .....                                                               | 71        |
| 5.10.1       | Hydraulic, pneumatic, electric and electronic control systems .....                                | 71        |
| 5.10.2       | Electronic adjustable speed drives .....                                                           | 73        |
| 5.10.3       | Cut-off of main energy source .....                                                                | 74        |
| 5.10.4       | Residual-pile monitoring systems .....                                                             | 74        |
| 5.10.5       | Unobserved unguarded hazard zones .....                                                            | 74        |
| 5.10.6       | Increased control system requirements for hand-fed machines .....                                  | 74        |
| 5.11         | Ergonomics and labelling of indicators and actuators .....                                         | 75        |
| <b>6</b>     | <b>Verification of the safety requirements and/or protective/risk reduction measures .....</b>     | <b>75</b> |
| <b>7</b>     | <b>Signals and warning devices .....</b>                                                           | <b>79</b> |
| 7.1          | General .....                                                                                      | 79        |
| 7.2          | Audible warning system .....                                                                       | 80        |
| 7.2.1        | Audible alarm .....                                                                                | 80        |
| 7.2.2        | Warning period .....                                                                               | 80        |
| 7.2.3        | Permissive period .....                                                                            | 80        |
| 7.2.4        | Optional personnel warning lights with audible alarm .....                                         | 81        |
| 7.2.5        | Optional personnel warning lights for automatic set-up operations .....                            | 82        |
| 7.2.6        | Optional personnel warning lights for auxiliary equipment having armed status .....                | 82        |
| 7.3          | Area-light warning system .....                                                                    | 82        |
| <b>8</b>     | <b>Information for use .....</b>                                                                   | <b>83</b> |
| 8.1          | Safety signs .....                                                                                 | 83        |
| 8.2          | Specific requirements for machine markings .....                                                   | 83        |
| 8.2.1        | Markings and signs/labels .....                                                                    | 83        |
| 8.2.2        | Additional requirements for pile lifting and lowering devices, pile turners and reel turners ..... | 83        |
| 8.2.3        | Machinery fitted with laser equipment .....                                                        | 83        |
| 8.2.4        | Machinery with UV radiation emission .....                                                         | 83        |
| 8.2.5        | Machines having hot parts .....                                                                    | 83        |
