## Earth-moving machinery - Fire prevention guidance

---

| <b>Contents</b>  |  | <b>Page</b> |
|--|--|-------------|
| Foreword .....   |  | iv          |
| 1  | Scope .....  | 1           |
| 2  | Normative references .....                               | 1           |
| 3  | Terms and definitions .....                              | 1           |
| 4  | Fire hazards .....                                       | 2           |
| 4.1  | General .....  | 2           |
| 4.2  | Fuel sources .....                                       | 3           |
| 4.2.1  | General .....  | 3           |
| 4.2.2  | Machine components .....                                 | 3           |
| 4.2.3  | Machine fluids, gases and other onboard substances ..... | 3           |
| 4.2.4  | Environmental debris .....                               | 3           |
| 4.3  | Oxidizers .....  | 3           |
| 4.4  | Ignition sources .....                                   | 3           |
| 4.4.1  | General .....  | 3           |
| 4.4.2  | Thermal energy ignition sources .....                    | 4           |
| 4.4.3  | Electrical energy ignition sources .....                 | 4           |
| 4.4.4  | Mechanical energy ignition sources .....                 | 4           |
| 5  | Strategy for risk assessment and risk reduction .....    | 4           |
| 6  | Design guidance for fire risk reduction .....            | 5           |
| 6.1  | General .....  | 5           |
| 6.2  | Ignition sources .....                                   | 5           |
| 6.2.1  | Mechanical and thermal ignition sources .....            | 5           |
| 6.2.2  | Electrical ignition sources .....                        | 5           |
| 6.3  | Fuel sources .....                                       | 6           |
| 6.4  | Segregation of fuel and ignition sources .....           | 7           |
| 6.5  | Fire extinguishers and fire suppression .....            | 8           |
| 7  | Information for use .....                                | 8           |
| 7.1  | General .....  | 8           |
| 7.2  | Fire prevention .....                                    | 8           |
| 7.2.1  | Operation .....  | 8           |
| 7.2.2  | Fuelling .....   | 9           |
| 7.2.3  | Starting .....   | 9           |
| 7.2.4  | Maintenance and inspection .....                         | 9           |
| 7.2.5  | Service and repair .....                                 | 11          |
| 7.3  | Fire safety .....  | 11          |
| Annex A (informative) Examples of fuel sources .....     |  | 13          |
| Annex B (informative) Examples of ignition sources ..... |  | 15          |
| Bibliography .....                                       |  | 17          |
