

ISO 11783-4:2001-05 (E)

Tractors and machinery for agriculture and forestry - Serial control and communications data network - Part 4: Network layer

Contents		Page
Foreword		iv
Introduction		v
1	Scope	1
2	Normative references	1
3	Description	2
3.1	Role of the network interconnection unit	2
3.2	Role of the network layer	2
4	Requirements	3
4.1	Network interconnection unit	3
4.2	Network topology	5
4.3	Network addressing	5
4.4	Proprietary messages	5
5	Network interconnection unit functions	5
5.1	Forwarding	5
5.2	Filtering	6
5.3	Address translation	6
5.4	Message repackaging	6
5.5	Database management	6
6	Types of network interconnection unit	12
6.1	Repeater	12
6.2	Bridge	12
6.3	Router	12
6.4	Gateway	13
6.5	Tractor ECU	13
