

ISO 11783-4:2001-05 (E)

Tractors and machinery for agriculture and forestry - Serial control and communications data network - Part 4: Network layer

Contents	Page
Foreword	iv
Introduction	v
1 Scope	1
2 Normative references	1
3 Description	2
3.1 Role of the network interconnection unit	2
3.2 Role of the network layer	2
4 Requirements	3
4.1 Network interconnection unit	3
4.2 Network topology	5
4.3 Network addressing	5
4.4 Proprietary messages	5
5 Network interconnection unit functions	5
5.1 Forwarding	5
5.2 Filtering	6
5.3 Address translation	6
5.4 Message repackaging	6
5.5 Database management	6
6 Types of network interconnection unit	12
6.1 Repeater	12
6.2 Bridge	12
6.3 Router	12
6.4 Gateway	13
6.5 Tractor ECU	13
Bibliography	14
