

DIN EN 14439:2007-03 (E)

Cranes - Safety - Tower cranes

Contents	Page
Foreword	3
Introduction	4
1 Scope	5
2 Normative references	5
3 Terms and definitions	6
4 List of significant hazards	7
5 Safety requirements and/or protective measures	10
5.1 General	10
5.2 Design requirements on the load bearing structure	10
5.3 Design requirements for equipment	11
5.4 Design requirements for health and safety	12
5.5 Noise reduction	20
6 Verification of the safety requirements and/or protective measures	20
6.1 General	20
6.2 Method of verification	20
6.3 Fitness for purpose	21
6.4 Noise measurement	22
7 Information for use	22
7.1 General	22
7.2 Instructions handbook	22
7.3 Marking	24
Annex A (normative) Stability requirements	26
Annex B (informative) Requirements for the provision of anti-collision on tower crane	27
Annex C (normative) Outside indicators on the crane	29
Annex D (normative) Verification of the safety requirements and/or protective measures	30
Annex E (normative) Noise test code	33
Annex F (informative) Marking - Example of layout	38
Annex G (informative) Selection of a suitable set of crane standards for a given application	43
Annex ZA (informative) Relationship between this European Standard and the Essential Requirements of EU Directive 98/37/EC	44
Bibliography	45
