Rotary positive displacement pumps - Performance tests for acceptance

Contents		Page
page	Foreword	3
1	Scope	4
2	Normative references	4
3	Terms and definitions	4
3.1	General	4
3.2	Types of test	4
3.3	Test levels	5
3.4	Other terms	5
4	Performance requirements	6
5	Organisation	6
5.1	Responsibility for test	6
5.2	Test location	6
5.3	Test date	6
5.4	Test programme	6
6	Equipment	7
6.1	Test equipment	7
6.2	Measurement equipment	8
7	Test conditions	9
7.1	Test condition variables (TCV)	9
7.2	Fluctuations	9
8	Test procedure	10
8.1	Pre-run data	10
8.2	Operating the pump	10
8.3	Collection of test data	11
8.4	After test	11
9	Evaluation and test report	12
9.1	Readings and primary data	12
9.2	Accuracy	12
9.3	Acceptance limits	13
9.4	Evaluation	13
9.5	Test report	14
Annex A (informative) Example of rotary displacement pump test loop		15
Annex B (informative) Priming test		16
