Foreword iv

Introduction v

1 Scope 1

2 Normative references 1

3 Terms and definitions 1

4 Requirements 1
4.1 Selection of rail wheels 1
4.2 Determination of the class of mechanism of the travel wheel 5
4.3 Determination of local stresses due to wheel loads 5

Annex A (informative) Distribution of wheel load under rail 6

Annex B (informative) Local stresses in wheel-supporting flanges 8
