DIN EN 13480-6:2012-11 (E)

Metallic industrial piping - Part 6: Additional requirements for buried piping

Contents

Page

Foreword 3

1 Scope 5

2 Normative references 5

3 General 5
3.1 Safety 5
3.2 Routes 6
3.3 Depth of installation 6
3.4 Pipes marking and recording 6
3.5 Internal inspection provisions 6
3.6 Contents removal 6
3.7 Trench drainage 7

4 Materials 7

5 Design and calculation 7
5.1 Minimum wall thickness for buried piping 7
5.2 Design 7

6 Installation 9
6.1 Trenches 9
6.2 Pipe laying 9
6.3 Back filling 9

7 Sleeves or casings 10

8 Corrosion protection 10
8.1 General 10
8.2 Coatings 10
8.3 Cathodic protection 11

9 Examination and testing 11

Annex A (normative) Calculations for buried piping 12

Annex ZA (informative) Relationship between this European standard and the essential requirements of EU Directive 97/23/EC 36
