Foreword 3

1 Modification to Clause 2 4

2 Modification to subclause 5.1 5

3 Modification of subclause 5.2 5

4 Modification of subclause 5.3 6

5 Modification of subclause 5.4 6

6 Modification of subclause 5.5 6

7 Modification of subclause 5.6 6

8 Modification of subclause 6.2 7

9 Modification to subclause 6.3 7

10 Modification to subclause 6.5 8

11 Modification to subclause 6.6.4 8

12 New subclause 6.7 Flat ends 8

13 New subclause 6.8 Design by experiment 8

14 New subclause 6.9 Port-hole-extruded tubes 8

15 New subclause 7.3 Tolerances 9

16 Modification to current Sub-Clause 7.3 "Welding procedure specification (WPS)" (to become subclause 7.4) 9

17 Modification to current subclause 7.8 "Production test, reference criteria" (to become subclause 7.9) 9

18 Modification to current subclause 7.9 "Extent of testing" (to become subclause 7.10) 10

19 Modification to current subclause 7.12 "Heat treatment after forming" (to become subclause 7.13) 10

20 Modification to current subclause 7.13 "Sampling of formed products" (to become subclause 7.14) 11

21 Modification to current subclause 7.14 "Tests" (to become subclause 7.15) 11

22 Modification to current subclause 7.15 "Post weld heat treatment (PWHT)" (to become subclause 7.16) 11

23 Modification to subclause 8.3 11

24 Modification to subclause 8.4 15

25 Modification to subclause 8.5 16

26 New Annex A Allowable design strength values 16

27 Update of Annex ZA 22

28 Update of bibliography 23
