

DIN EN ISO 6149-4:2015-03 (E)

Connections for fluid power and general use - Ports and stud ends with ISO 261 metric threads and O-ring sealing - Part 4: Dimensions, design, test methods and requirements for external hex and internal hex port plugs (ISO 6149-4:2006)

Contents		Page
Foreword		3
Introduction		4
1 Scope		5
2 Normative references		5
3 Terms and definitions		6
4 Dimensions		6
4.1 Plug dimensions		6
4.2 Hex tolerances		6
4.3 Screw threads		6
5 Requirements		6
5.1 Working pressures and working temperatures		6
5.2 Performance		7
6 O-rings		7
7 Test methods		7
8 Designation of port plugs		7
9 Identification		8
10 Manufacture		8
10.1 Construction		8
10.2 Workmanship		8
10.3 Finish		8
11 Procurement information		8
12 Marking		8
13 Identification statement (reference to this part of ISO 6149)		9
