DIN EN ISO 14344:2010-06 (E)

Welding consumables - Procurement of filler materials and fluxes (ISO 14344:2010)

Contents

Page

Foreword 3

1 Scope 4

2 Terms and definitions 4

3 Identification 5
3.1 General 5
3.2 Heat number 5
3.3 Controlled chemical composition 6
3.4 Covering mix 6
3.5 Core ingredients 6
3.6 Fluxes for submerged arc welding 6

4 Lot classification 6
4.1 Bare solid electrode wires and strips, rods and consumable inserts 6
4.2 Tubular cored electrodes and rods 7
4.3 Covered electrodes 7
4.4 Fluxes for submerged arc welding 8

5 Testing schedule 8

6 Certification 9
6.1 General 9
6.2 Certification by the manufacturer 10
6.3 Certification by an intermediate provider 11
6.4 Certification by a third party 11
