DIN EN ISO 544:2011-06 (E)

Welding consumables - Technical delivery conditions for filler materials and fluxes - Type of product, dimensions, tole rances and markings (ISO 544:2011)

Contents

Page

Foreword 3

1 Scope 4

2 Normative references 4

3 Product type and welding process 4

4 Dimensions and tolerances 4
4.1 Solid wires and solid wire electrodes, tubular cored wires and tubular cored electrodes, solid and tubular cored rods and covered electrodes 4
4.2 Solid strip electrodes 5
4.3 Cored strip electrodes and thin foils 5
4.4 Fluxes 7

5 Rounding procedure 7

6 Condition of welding consumables 7
6.1 Covered electrodes 7
6.2 Wires, rods, and strips 7

7 Marking 11
7.1 Marking on the product 11
7.1.1 Covered electrodes 11
7.1.2 Wires and strips 11
7.1.3 Rods 11
7.2 Marking on the package 11

8 Packaging 11

9 Inspection documents 11
