ISO 14732:2013-08 (E)

Welding personnel - Qualification testing of welding operators and weld setters for mechanized and automatic welding of metallic materials

Contents

Page

Foreword iv

Introduction v

1 Scope 1

2 Normative references 1

3 Terms and definitions 2

4 Qualification 3
4.1 Methods of qualification 3
4.2 Essential variables and the range of qualification 4

5 Period of validity 5
5.1 Initial qualification 5
5.2 Confirmation of validity 5
5.3 Revalidation of qualification 5
5.4 Revocation of qualification 5

6 Certificate 6

7 Documentation 6

Annex A (normative) Functional knowledge appropriate to the welding unit 7

Annex B (informative) Knowledge of welding technology 8

Annex C (informative) Qualification test certificate for welding operators or weld setters 12
