National foreword 3

National Annex NA (informative) Bibliography 3

Introduction 4

1 Scope 5

2 Normative references 5

3 Terms and definitions 5

4 Test specimens and types of tests 6

5 Test equipment and test procedure 7

6 Failure mode 8

7 Test report 9

Annex A (normative) Types of joint failure 10

A.1 General 10
A.2 Typical failure modes of semi-tubular self-piercing rivet joints under cross-tension load 10
A.3 Typical failure modes of solid self-piercing rivet joints under cross-tension load 11
A.4 Typical failure modes of clinch joints under cross-tension load 11
A.5 Typical failure modes of screwed joints under cross-tension load 12
A.6 Typical failure modes of joints made with self-clinching or self-piercing bolts under cross-tension load 13
A.7 Typical failure modes of blind rivet joints under cross-tension load 14
A.8 Typical failure modes of lock bolt joints under cross-tension load 15
