

# DIN EN 17002:2018-10 (E)

## Thermal spraying - Components with thermally sprayed coatings - Thermal spray procedure specification

---

<b>Contents</b>		<b>Page</b>
European foreword .....		3
Introduction .....		4
1	Scope .....	5
2	Normative references .....	5
3	Terms and definitions .....	5
4	Requirements .....	6
5	Technical content of the thermal spray procedure specification .....	6
5.1	Preparing the thermal spray procedure specification .....	6
5.2	Minimum information in the thermal spray procedure specification .....	6
5.3	Process parameters .....	7
5.4	Scope of validity of the thermal spray procedure specification .....	7
5.5	Qualification of the thermal spray procedure specification by a component-related procedure qualification .....	8
5.6	Information about the content of a thermal spray procedure specification according to Annex A .....	8
Annex A (informative) Example of Thermal Spray Procedure Specification (TSPS) .....		9
