.....3

Introduction 4

1 Scope 5

2 Normative references 5

3 Legal requirements 5
3.1 Design and construction of safe machinery for thermal spraying 5
3.1.1 Procedure to design and to construct safe machinery for thermal spraying 5
3.1.2 Design and construction following the essential health and safety requirements 5
3.1.3 Technical documentation construction file 7
3.2 Procedure or market placement and putting into service of thermal spraying equipment ...8
3.2.1 Instructions 8
3.2.2 Declaration of conformity 8
3.2.3 Marking 9
3.3 Operation / Maintenance 9
3.4 Modifications 9

4 Technical requirements for location, installation and use 10
4.1 Location of thermal spraying equipment 10
4.2 Hazardous Area Classification (HAC) 10
4.3 Installation of further equipment necessary for the thermal spraying process 11
