## Thermal spraying - Safety requirements for thermal spraying equipment - Part 1: General requirements

---

<b>Contents</b>		<b>Page</b>
	.....	3
<b>Introduction</b>	.....	4
<b>1 Scope</b>	.....	5
<b>2 Normative references</b>	.....	5
<b>3 Legal requirements</b>	.....	5
<b>3.1 Design and construction of safe machinery for thermal spraying</b>	.....	5
<b>3.1.1 Procedure to design and to construct safe machinery for thermal spraying</b>	.....	5
<b>3.1.2 Design and construction following the essential health and safety requirements</b>	.....	5
<b>3.1.3 Technical documentation construction file</b>	.....	7
<b>3.2 Procedure or market placement and putting into service of thermal spraying equipment</b>	...	8
<b>3.2.1 Instructions</b>	.....	8
<b>3.2.2 Declaration of conformity</b>	.....	8
<b>3.2.3 Marking</b>	.....	9
<b>3.3 Operation / Maintenance</b>	.....	9
<b>3.4 Modifications</b>	.....	9
<b>4 Technical requirements for location, installation and use</b>	.....	10
<b>4.1 Location of thermal spraying equipment</b>	.....	10
<b>4.2 Hazardous Area Classification (HAC)</b>	.....	10
<b>4.3 Installation of further equipment necessary for the thermal spraying process</b>	.....	11
<b>Bibliography</b>	.....	12
