## Thermal spraying - Powders - Composition and technical supply conditions

---

<b>Contents</b>		<b>Page</b>
Foreword .....		iv
Introduction .....		v
1	Scope .....	1
2	Normative references .....	1
3	Properties of powders for thermal spraying -- Property determination .....	1
4	Classification of powders .....	4
5	Designation .....	13
6	Conditions of supply .....	13
7	Powder identification .....	13
8	Certification .....	13
Annex A (informative)	Illustrations of the relationship between particle configuration and the manufacturing process .....	14
