## ISO 21368:2022-03 (E)

## Adhesives - Guidelines for the fabrication of adhesively bonded structures and reporting procedures suitable for the risk evaluation of such structures

Contents						
Fore	eword		vi			
Intr	oductio	on	vii			
1		De				
	-					
2	Normative references					
3	Terms and definitions					
4	Core element 1: Classification of adhesively bonded joints according to safety					
	_	irements				
	4.1	General Definition of potential ages				
	4.2 4.3	Definition of safety classes				
_		<u> </u>	11			
5		e element 2: Adhesive bonding personnel (ABP)— Competences, knowledge experiences	11			
	5.1	General				
	5.2	Adhesive bonding operators (ABO)				
	0.2	5.2.1 General				
		5.2.2 Functions				
		5.2.3 Duties				
		5.2.4 Competences, knowledge and experiences				
	5.3	Adhesive bonding coordinator (ABC)				
		5.3.1 General				
		5.3.2 Functions				
		5.3.3 Duties				
		5.3.5 Organizational integration of adhesive bonding coordination	13 15			
	5.4	Levels of competences, knowledge and experiences for adhesive bonding	10			
		personnel (ABP)	16			
		5.4.1 General	16			
		5.4.2 Requirements for each level of competences, knowledge and experiences	16			
	5.5	Assignment of the three competence levels to the safety classes depending on the				
	= .	respective scope of work — Correlation of the core elements				
	5.6	Comparability of competences, knowledge and experience				
	5.7	Monitoring, inspection and testing personnel				
6		e element 3: Design and verification of adhesively bonded joints				
	6.1	General Assignment to safety classes				
	6.2 6.3	Requirements to be met by the adhesively bonded joints				
	6.4	Design of adhesively bonded joints				
	6.5	Adherends				
	6.6					
	6.7	Surface treatment	21			
	6.8	Factors affecting the adhesive bonding process				
	6.9	Verification				
		6.9.1 General				
		6.9.2 Method 1 — Load in use < maximum load capacity				
		6.9.3 Method 2 — Component testing				
		6.9.5 Method 4 — Combination of methods 1 to 3				

7	Drafting contracts and subcontracting (outsourcing)					
	7.1 7.2		alntracting (Outsourcing)			
	7.2	7.2.1	General			
		7.2.1	Deciding on subcontracting			
		7.2.3	Details and documentation of procurement	24		
		7.2.4	Selection of external service provider (subcontractor/supplier) and	1		
		7.2.1	contracting	24		
		7.2.5	Management of external service providers (subcontractors/suppliers)
