## Specification and qualification of welding procedures for metallic materials - Welding procedure test - Part 5: Arc welding of titanium, zirconium and their alloys

---

| <b>Contents</b>    |  | <b>Page</b> |
|--------------------|--|-------------|
| Foreword .....     |  | v           |
| Introduction ..... |  | vi          |
| 1                  | Scope .....  | 1           |
| 2                  | Normative references .....                               | 1           |
| 3                  | Terms and definitions .....                              | 2           |
| 4                  | Preliminary welding procedure specification (pWPS) ..... | 2           |
| 5                  | Welding procedure test .....                             | 2           |
| 6                  | Test pieces .....  | 2           |
| 6.1                | General .....  | 2           |
| 6.2                | Shape and dimensions of test pieces .....                | 2           |
| 6.2.1              | General .....  | 2           |
| 6.2.2              | Butt joint in plate with full penetration .....          | 3           |
| 6.2.3              | Butt joint in pipe with full penetration .....           | 3           |
| 6.2.4              | T-joint .....  | 3           |
| 6.2.5              | Branch connection .....                                  | 3           |
| 6.3                | Welding of test pieces .....                             | 3           |
| 7                  | Examination and testing .....                            | 6           |
| 7.1                | Extent of testing .....                                  | 6           |
| 7.2                | Location and taking of test specimens .....              | 7           |
| 7.3                | Non-destructive testing .....                            | 11          |
| 7.4                | Destructive testing .....                                | 11          |
| 7.4.1              | General .....  | 11          |
| 7.4.2              | Transverse tensile test .....                            | 11          |
| 7.4.3              | Bend test .....  | 11          |
| 7.4.4              | Macroscopic or microscopic examination .....             | 11          |
| 7.5                | Acceptance levels .....                                  | 12          |
| 7.6                | Coloration .....   | 12          |
| 7.7                | Retesting .....  | 12          |
| 8                  | Qualification range .....                                | 12          |
| 8.1                | General .....  | 12          |
| 8.2                | Requirements related to the manufacturer .....           | 12          |
| 8.3                | Requirements related to the parent material .....        | 12          |
| 8.3.1              | Parent material grouping .....                           | 12          |
| 8.3.2              | Material thickness and pipe diameter .....               | 13          |
| 8.3.3              | Angle of branch connection .....                         | 14          |
| 8.4                | Requirements common to all welding procedures .....      | 14          |
| 8.4.1              | Welding process .....                                    | 14          |
| 8.4.2              | Welding positions .....                                  | 15          |
| 8.4.3              | Type of joint and weld .....                             | 15          |
| 8.4.4              | Filler material, designation .....                       | 15          |
| 8.4.5              | Type of current .....                                    | 15          |
| 8.4.6              | Interpass temperature .....                              | 15          |

|                       |  |    |
|-----------------------|--|----|
| 8.4.7                 | Post-weld heat treatment .....                                   | 15 |
| 8.4.8                 | Backing gas .....  | 16 |
| 8.4.9                 | Welding in a chamber .....                                       | 16 |
| 8.5                   | Requirements specific to welding processes .....                 | 16 |
| 8.5.1                 | Process 131 .....  | 16 |
| 8.5.2                 | Process 14 .....   | 16 |
| 8.5.3                 | Process 15 .....   | 16 |
| 9                     | Welding procedure qualification record (WPQR) .....              | 16 |
| Annex A (informative) | Example of a welding procedure qualification record (WPQR) ..... | 17 |
| Bibliography          | .....  | 20 |
