ISO 17652-2:2003-05 (E)

Welding - Test for shop primers in relation to welding and allied processes - Part 2: Welding properties of shop pri mers

Contents

Page

page Foreword v

1 Scope 1

2 Normative references 1

3 Terms and definitions 2

4 Rating test 2
4.1 Principle 2
4.2 Preparation of test piece 2
4.3 Procedure 2
4.3.1 Welding 2
4.3.2 Breaking of the test weld 4
4.4 Examination and determination of porosity 4
4.5 Test report 5

5 Weldability test 5
5.1 Principle 5
5.2 Preparation of test piece 5
5.3 Procedure 6
5.3.1 General 6
5.3.2 Tack welding 6
5.3.3 Welding 7
5.4 Weld evaluation 7
5.4.1 Visual examination 7
5.4.2 Internal examination 8
5.5 Test report 8

Annex A (informative) Example of a test report for rating test of weld properties of shop primers 10

Annex ZA (informative) Corresponding International and European Standards for which equivalents are not given in the text 11
