Resistance welding - Procedures for determining the weldability lobe for resistance spot, projection and seam welding

| Contents | | Page |
|-----------------|--|-------------|
| page | Foreword | v |
| | Introduction | vi |
| 1 | Scope | 1 |
| 2 | Normative references | 1 |
| 3 | Terms and definitions | 2 |
| 4 | Weldability lobe limits | 2 |
| 5 | Test equipment | 3 |
| 5.1 | Welding electrodes | 3 |
| 5.2 | Welding machine | 4 |
| 6 | Welding procedure | 4 |
| 6.1 | Spot or projection welding | 4 |
| 6.2 | Seam welding | 5 |
| 7 | Statistical evaluation of test results | 6 |
| 8 | Report of test results | 6 |
| | Bibliography | 13 |
