DIN EN 15339-2:2007-06 (E)

Thermal spraying - Safety requirements for thermal spraying equipment - Part 2: Gas control units

Contents

Page

Foreword 3

1 Scope 4

2 Normative references 4

3 Gas control units 5
3.1 Function 5
3.2 Design 5

4 Components within a gas control unit 6

5 Requirements 7
5.1 General 7
5.2 Local separation of gas and electric power 7
5.3 Solid piping 7
5.4 Leak test 7

6 Safety standards 7

7 National rules 8

Annex A (informative) Examples for design of gas control units 9

A.1 Simple gas control unit 9
A.2 Gas control-/closed loop control with integrated HMI 10
A.3 Gas control-/closed loop control with separate HMI 10
A.4 Pressurized enclosures 11
A.4.1 General 11
A.4.2 Pressure control 11
A.4.3 Ventilation 12
