

DIN EN ISO 18594:2007-06 (E)

Resistance spot-, projection- and seam-welding - Method for determining the transition resistance on aluminium and steel material (ISO 18594:2007)

Contents		Page
Foreword.....		3
1 Scope		4
2 Terms and definitions.....		4
3 Basic principles		5
4 Measurement.....		5
4.1 Measuring set-up		5
4.2 Measurement procedure		8
5 Test equipment		9
6 Formulae and abbreviations for calculating the transition resistance		10
7 Test report		11
Annex A (informative) Test report		12
Bibliography		14
