

DIN EN ISO 18594:2007-06 (E)

Resistance spot-, projection- and seam-welding - Method for determining the transition resistance on aluminium and steel material (ISO 18594:2007)

Contents		Page
Foreword.....		3
1	Scope	4
2	Terms and definitions.....	4
3	Basic principles	5
4	Measurement.....	5
4.1	Measuring set-up	5
4.2	Measurement procedure	8
5	Test equipment	9
6	Formulae and abbreviations for calculating the transition resistance	10
7	Test report	11
Annex A (informative)	Test report	12
Bibliography		14
